

HIGH PERFORMANCE ACADEMY - 15 & UNDER BRISBANE TOUR 2024

CFA Winter High Performance Academies are designed to create a more challenging and professional environment, providing players with the resources and facilities required to excel in Premier Cricket and School competitions from where they can push for selection in representative and state squads.

The Academy is offered to a selected squad of players who have been identified as cricketers of promise who will benefit from a High-Performance environment.

Our smaller selected squad will train together to compete and challenge each other as well as share ideas and opinions in an intimate environment which we believe allows a balanced group of players of similar abilities to produce a more rounded skill set. This will provide players with the skills to perform at a high standard and overcome different challenges and obstacles as they rise through the grades. Many of our High Performance Academy players have been selected to represent South Australia across various different age groups and tournaments.

Our experienced coaches will share their abundance of experience from playing and coaching in International, First-Class and elite pathway set-ups. They will facilitate a competitive but nurturing environment where players can learn and express themselves whilst developing professional training habits.

ACADEMY INCLUDES:

- 7 x Group sessions
- 2 x 1 - 1 sessions
- Monday nights 5:30-7.00pm weekly
- Academy uniform
- Specialist coaching
- Strength & Conditioning program
- Opportunity to play in Brisbane tournament

DATES:
